From

The D.C. Tumkur Dt.
No A 6 C 1749/46-47 D/ 1 12 47

Forwarding a further Resolution dated 3 11 47 of the Tumkur Town Municipal Council to Request Government to Grant the Balance Loan of Rs 56 000/- as a grant and waive the Recovery thereof

12) The Municipal President Recommends

treating the balance of loan as a grant on the following grounds:—

13) This is a special scheme based by cash, the cost of which could not be met by the Municipality thus necessitating the raising of a loan As such, grant from the Govt for this work is to be given under Art 278 (b) of the Municipal Account Manual

14) As the work could not be completed with the sanctioned amount of Rs 1,20 000/-, a further expenditure of Rs 108 200/ was incurred thereon, half of which was treated as an outright grant and the other half as loan

15) A scheme for water supply to the town at a cost of Rs 1,62 000/ is also sanctioned of which half is funded as a loan and the other half as a grant

16) Exclusive of the balance of loan of Rs 56 000/, towards the original estimate for the drainage work the Municipality has thus to discharge a loan of Rs 1,35 430/- as above which on the face of other Commitments such as enhanced Rate of DA and pay revision of the employees, the Municipal Council finds it too onerous to bear.

17) In view of these circumstances, the Rs Reconstruction Scheme of the Taluka Loan of Rs 56 000/- as a grant and Loan in Recovery

18) As already stated at para 2 (supra) this Loan was granted on the express understanding of no grant from Govt being given here after and when the Municipal Council subsequently agreed for levying a part the Loan, it was ordered that suitable grants may be granted when the Municipal Council takes up other improvement works which it had in view and in fulfilment of this assurance, liberal grants to the extent of Rs 1,56 000/ have been made to this Municipality during the years 45-46 and 46-47

19) Acc, a moiety of the revised cost of Rs 1,08,200/ for drainage work has also been given to this municipality

20) The financial Condition of this Municipality is also quite sound the creating of this Loan as a grant at this stage, would give this Municipality the added advantage of extra grants sanctioned to offset the non payment of grant on respect of the original estimate

Subject — Waiving of Rs. 56,000/- being the balance of the loan amount sanctioned for Tumkur Town Municipality for the original Drainage work

Sir

In inviting your kind reference to your memo No. L. Dis. A.6.C. 1749/46 dated 29-4-47, forwarding copy of the Revenue Secretary's letter No. L 14669 dated 23-4-1947 intimating that the balance of the loan amount of Rs. 60,000/- due from this Municipality out of Rs 1,20,000/- sanctioned as loan for the drainage work undertaken in this Municipality could not be considered on the ground that the work in question was not a special drainage work, that no grant was asked for at the time of sanction of the estimate, and that article 278 (b) 4 of the Municipal accounts Manual would not apply to this case, I have the honour to state as follows -

Under article 278 (b) Government grants are sanctioned in respect of works that are outside the ordinary duty of the Municipality and which are of a special charector and the cost of which cannot be fully met from the Revenue of the Municipality The drainage work which involved a cost of Rs 1,20,000/- cannot be said to be the ordinary duty of the Municipality and this was a special scheme sanctioned by Government and as the cost of this work could not be met out of the Revenue of the Municipality, the same was treated as loan As this drainage work was not completed with the sanctioned amount of Rs 1,20,000/- a revised estimate for Rs. 1,08,200/- prepared by the Sanitary Engineer was sanctione by Government. Half of this cost viz Rs 54,000/- was sanctioned by Government as out-right grant and the other half as loan to this Municipality (vide G O No 11021-4/M1 50-46-17 dated 8-2-47) repayable in twenty instalments commencing from the current year

In view of the above circumstances, it was requested tha the half the cost of the original drainage work might also be treated as grant, as has been done in the case of the drainage work now sanctioned to complete the scheme and the balance of the loan amount of Rs. 56,000/- might be waived

Government in their order No. L 10859-72/M1 45-46-31 dated 4-2-47, have sanctioned Town Improvement water supply scheme at a work cost of Rs. 1,62,600/- of which hali the cost viz 81,330/- has been sanctioned as loan Thus the Municipal Council have to repay a sum of Rs 1,35,430/- towards the two loans that were sanctioned recently, in addition to the loan balance of seven instalments, amounting to Rs. 56,000/- towards the principle Added to tnese committments the Municipality has to pay enhanced rate of dearness allowance of Rs. 22,000/- a year in addition to the extra cost of about of Rs. 13,000/- to be paid annualy as a result of the revision of the scales of the Municipal employees

These facts were brought to the kind notice of the Minister for Local boards when he visited this place on the 1st of this month and he was pleased to promise to reconsider the matter

The Municipal Council, have resolved at their meeting held on 3-11-47, that the Government may again be requested to waive the balance of loan amount oi Rs. 56,000/- and to treat the same as grant The copy of the resolution of the Municipal Council is enclosed

I therefore request you to kindly move the Government to waive the balance of the original drainage loan and to sanction the grant of Rs 56,000/- as in the case of second stage of drainage scheme recently sanctioned.

REVENUE BRANCH

Subject - Waiver the balance of original Drainage Loan amounting to Rs 56,000/- with interest thereon

--

REVENUE SECRETARY

A Loan amounting to Rs 1,20,000/- was originally sanctioned by Government in their order No 18-21/F1 82-83 dated 16/17-6-1934 for undertaking the Drainage Works in Tumkur Town and the same was renewed during the year 1940 repayable in 15 annual instalments together with interest @ 4½ percent commencing from 31-3-40 the instalment being fixed at Rs 11,173-3-2 (i e Rs 8,000/- towards the principle and Rs 3,173-3-2 towards interest) Out of the 15 instalments, 8 instalments amounting to Rs 89,738-9-4 (both principle and interest) have so far been fully paid on the due dates But as the Drainage Scheme was not completed with the sanctioned amount of Rs 1,20,000/- a revised estimate for Rs. 1,08,200/- prepared by the Sanitary Engineer was sanctioned by Government Half of this cost Viz , 54,000/- was sanctioned by the Government as out-right grant and the other half as loan to the Municipality repayable in twenty instalments commencing from the current year (Vide G.O.No 11021-4/M1 50-46-17 dated 8-2-47)

In view of the above circumstances, it was requested that half the cost of the original drainage scheme works might also be treated as grant as has been done in the case of the Drainage works now sanctioned to complete the scheme and the balance of the loan amount

of Rs 56,000/- might be waived

Government in their order No L.10850-7?/ Ml.45-46-3/ dated 4-2-47 have sanctioned Town Improvement Water Supply Scheme at a cost of Rs 1,62,600/- of which half the cost Viz ,81,330/- has been sanctioned as loan Thus the Municipal Council have to repay a sum of Rs. 1,35,430/- towards the two loans that were sanctioned recently in addition to the loan balance of 7 instalments amounting to Rs 56,000/- towards the principle Added to these commitments the Municipality has to pay enhanced rate of Dearness allowance amounting to nearly 22,000/- a year and also Rs 18,000/- as a result of the revision of the scales of pay of municipal employees in pursuance of the recent Government order (Proposals have already been submitted)

The normal expenditure of the Municipality is Rs. 1,36,143/- as against the Receipts of Rs 1,40,727/- during the year 1946-47 The following are the extra expenditures to be met out during the current year -

1	Loan Instalments -	Drainage -	5,722-6-1
		Water Supply -	3,806-7-7
2	Extra establishment charges due to the revision of scales -		18,000-0-0
		Total.	27,528-13-8

Since these payments are inevitable the expenditure will be increased by Rs 27,528-13-8 Thus it will be seen that therewill be little or no funds in the Municipality to take up any improvement works to the Town

We therefore request the Senior Government to kindly treat the balance of the loan instalments of the original drainage scheme amounting to Rs 56,000/-

Letter No TC 104/46-47 dated 13/8/48 from the President, Town Municipal council, Tumkur, to the Deputy Commissioner, Tumkur District

Subject - Re Waiving of Rs 56,000/- being the balance of the loan sanctioned to the Tumkur Town Municipality

In reply to your memo No 6-C 1749/46-46 dated 30/6/48, forwarding copy of the Revenue Secretary's letter No L 18120 dated 24/6/48, for furnishing certain particulars regarding the above, I have the honour to enclose a statement showing the grants sanctioned during previous ten years

As regards the financial condition of the Municipality, I am to state that there was balance of Rs 1,81,330/- on 1/7/1948 This would be hardly sufficient to meet the normal expenditure of the Municipality and the heavy amounts that this Municipality will have to pay by way of compensation and conversion for the various acquisitions completed and yet to be completed Besides, the instalments of loan recently sanctioned and the interest thereon will be a heavy burden on the finances of the council
